The National Puzzlers' League

#1370

EDITOR'S MUSINGS

Another year is coming to an end! Happy holidays to all and early wishes that your upcoming one is healthy and prosperous!

ELECTION RESULTS

The members of the 2019 board as elected in October are:

President: Jeffurry

First Vice-President: yodaughter

Second Vice-President: B-Side

Secretary: Expelliarmus

Treasurer: \$8.90

Historian: Willz

Editor: Teki

Proposition 1 (to make the webmaster a board member) failed.

Proposition 2 (to include the Code of Conduct in the bylaws) succeeded.

Pursuant to the acceptance of the Code of Conduct, Mercury has updated the Guide to the Enigma to include the latest version of it as an appendix. The new Guide has been updated to the website as a PDF file, where it is available for your perusal. I will send you a copy of the PDF file if you request it from me at editor@puzzlers.org.

BOARD BITS

Expelliarmus has volunteered to act as liaison between the board and the discussions about the Code of Conduct. She is in the process of adding a discussion group to Slack to handle those discussions.

The webmaster reports that they are transitioning from an Access database to a web service to handle member information, making life easier for our new treasurer, \$8.90.

BANTERWEIGHT

Banterweight died of a heart attack on November 24. She was out to dinner with a friend and fell to the floor. They called 911; she was taken to the hospital and she died there. Many Krewemembers responded to npl-folk on hearing this sad news. If any of you want to provide more thorough remembrances of her, send yours to editor@puzzlers.org and I'll publish them in the January issue.

NOVEMBER ERRATA

It was Ai who sent the note about Ned Rorem, not raw. My apologies to both. In #27, KING should be tagged "NI2, online MW."

C-2 has two pairs of extra answers that should be submitted for full credit.

C-3. ITPRXKXSTV.OWQ/IXU.BUQS = not MW

NOVEMBER HINTS AND DECEMBER EASY LIST

27—Consider all words in every flat carefully.
 33—One answer is an unusual version of a better-known word.
 38—See note to #27.
 December Easy List: 1, 2, 10, 16, 25, 31, 55, 57, 59, 63.

PENETRALIA

Solution words and phrases not found in 11C (11th Collegiate) are labeled for the most recent Merriam-Webster dictionary in which they appear: 10C, N13, N12 Addenda, or N12, or, failing that, RH2 or 12W. Non-MW words are noted. “+” signifies foreign, slang, dialect, obsolete, archaic, and the like. Capitalized words get a “*”. Words that are capitalized (as in names, titles) but normally uncapitalized with the same usage get a “^”. Enumeration for MW phrases is [bracketed] in anagrams and flat types where non-MW phrases are allowed, to wit: spoonergrams, mutations, palindromes, rebuses, heteronyms and homonyms, welded flats, variations on these types, and flats labeled “freewheeling.”

Send your solution lists after January 1 to QUICKS?LVER (solutions@puzzlers.org) or mail to LIRATH, Eric Suess, 1901 Parr Rd., Pocatello ID 83204. All lists must be received by 11:59 p.m. PST on January 31.

1. ENIGMATIC REBUS (1 4 2 3 7)

T

“Never let them see you cry.”
Stand firm as bullies jeer and lie.
Though the moisture pricks the eye,
Just make sure IDENTIFY.
(The logo above’s not right, you see.
Something is off. What can it be?)
=A. CHEMEM/SY, Chesapeake VA

2. ACROTELESTICHAL ENIGMA (3-5)

A. USA has a burden to make up lost money.
=NEWROW, Brookline MA

3. OVERLOADED LETTER BANK (7, *5 4 3) (7 = +, *5 4 3 = online MW)

Light-hued brews that are named for a South Asian land
Have a whole lot of hops, which some drinkers can’t stand,
And in thousands of pubs they have griped through the years
That when scanning each line on those pubs’ lists of beers
Nine in ten will be beers of that ilk; it’s absurd
How (forsooth!) they, in place after place, have RECURRED.
=UCAOIMHU, Somerville MA

4. THIRD-LETTER CHANGE (8)

Almond milk is de rigueur
For those who are not lactose-based;
On cornflakes or in coffee cups,
It has a lovely nutty taste.

I prefer more spirited drink
That warms the throat and helps romance.
A glass of *WINE and Cupid comes;
A WIFE attends erotic dance.
=WITZ, Vancouver BC

5. FREEWHEELING DELETION (5, 2 *1*1) (BERSERK = 2 *1*1 = not MW)

“It’s just a store,”
You say before
You step up to the clerk.
“Don’t act the fool.
Just keep your cool
If you want this to work.”
The bottle in
Your hand feels THIN.
Your smile is more a smirk.
He looks at you
Then points up to
A sign that reads “BERSERK.”
=LEXMAN, Davenport IA

6. TWO-WORD DELETION (7 8)

The WHOLE worked hard throughout
the night.
He thought a show re THREEs just
might
Attract some Thursday viewers, but
The truth was, he had no clue what
A monitor's supposed to do!
This caused the network boss to spew:
"Your prospects here are TWO, or dead!
You've not a ONE of sense. Instead,
Your head is filled with naught but air,
And I am pulling out my hair!"
=EARL E. BYRD, Aiken SC

7. OVERLOADED PHONETIC WORD
DELETION (7, *4, 4)
(can be sung)

We're off to see the huts soon, Ojibwa-ish
domes that are from
A Great Lakes spot—they're now in
Hagåtña! Soon our plane will thrum,
And (due to our motion) whirl, hiss, or
hum!
We're going, in sum, in days to come
To DRUM, to DRUM, to DRUM, to
DRUM, to DRUM!
(This flat can be chanted by Frances
Gumm.)
=UCAOIMHU, Somerville MA

8. OVERLOADED LETTER BANK
(4-4, 7 4) (4-4 = not MW; 7 4 = NI3,
inferable usage)

Are you wishing to turn
Those hard *Brassica* pips
Into rich spreads and dips
With the right dose of burn?
I've a first-rate book
Says adding them entire
Yields not a bit of fire!
Here, have yourself a look.
For results with maximum zest,
You *have* to pop open that VEST!
=AROUND EVE, Chicago IL

9. OVERLOADED METATHESIS (6)

They dated for years but he wouldn't
commit.
The girl had an itch that he never
would scratch.
So no one was shocked when they finally
split.
It was a BOTH WORDS HERE
relationship, natch.
=LEXMAN, Davenport IA

10. SPOONERGRAM (6 5, 5 5)
(clued in order)

Mrs. Witz said, "Write a flat."
The base was hers—imagine that!
'Twas in a diner where we sat.
The fare was rather poor—oh drat.

Her suggested plot's not bad:
Enchanted prince who's very sad;
BIG WORDS were the sounds he had;
WIG BIRDS with burgers irked the lad.
=WITZ, Vancouver BC

11. SINGULARITY (4 4, *6)
(TWO = not MW)

My heart will go on, says TWO D.
A ONE that's immortal
May open that portal,
Allowing such magic to be.
=NERG, Brookuse MY

12. REVERSED METATHESIS (6)

Romantic FIRST for Mom,
For Johnny, toys in excess,
Sweater and tools for Dad.
Santa's an altruist. Yes?

But Santa scattered soot.
With cookies he made a mess.
He spilled milk on the table.
Santa's also a SECOND. Yes?
=A. CHEMEM, Chesapeake VA

13. FIRST-LETTER CHANGE (7)

Do you have fervor for a cause?
 Perhaps resent what others choose?
 If you're GOOD, your side may win,
 But if you're WOOD, I think you lose.
 =WITZ, Vancouver BC

14. LETTER BANK

(6, 8, 3 5, "[^]3 [^]4-[^]4 [^]5")

(THREE = online MW;

FOUR = not MW)

True!—nervous—to a dreadful degree,
 But mad? Not I. Not me.

I trust you'll fancy me not quite
 "THREE."

Observe! Hear out my plea.

"Twas that TWO eye! I declare to thee—
 Into a ONE it worked me.

Peering from some dark otherworld—
 see!—

The eye, not I, you'll agree.

My senses, acute, can overwrought be.
 From this I'll ne'er be free.

Beat by beat, I've laid it out for thee
 In FOUR. Hear out my plea.

=AROUND EVE, Chicago IL

15. FIRST-LETTER CHANGE (*5, 5)

(ONE = not MW)

FOURTH-LETTER CHANGE

(*5, *5) (THREE, FOUR = not MW)

I was driving alone in my ONE,
 When a deer crossed the road in a run.
 I made a TWO swerve
 As I rounded that curve,
 Hit a tree, totaled car as I spun.

Now I desperately need a new car.
 Jaguar? Too expensive by far.

A THREE, a Ford or

A new Chinese FOUR?

(But I'll secretly crave that Jaguar.)

=A. CHEMEM, Chesapeake VA

16. OVERLOADED TERMINAL
DELETION (6)

"Can we redecorate this hall?"
 "Sure! BOTH a picture on the wall."
 =LEXMAN, Davenport IA

17. LETTER BANK (8, 12)

When I was a youngster, my health
 was superb.

I never got shots or ingested an herb.

But now I'm much older, it seems my
 BROCHURE

Is PAGE new diseases, which I catch
 for sure

Then give him preposterous payments
 to cure!

I find it confusing deciding if he

Is someone I owe or if he should pay
 me.

=EARL E. BYRD, Aiken SC

18. ENIGMATIC REBUS (*8 3)

(3 = part of phrase; reading
 contains non-MW material)

(can be sung around the menorah)

Solo Queen Elizabeth II

Britain's Queen sings "*Ma'oz Tzur*"

Alone—but not Princess Leia.

She has someone sing with her,

Plus ten pianos. (Each player

Must play that tune for FOLLOW

Corda so it's all low,

Volumewise; she thanks those guys

With "Ta!", which means "*Mahalo!*".)

=UCAOIMHU, Somerville MA

19. SUBER (*6? 2)

S

Ham has given us a lot.

But a SUBER, surely not.

=WRYBOSH, Montville NJ

20. BEHEADMENT (7)
(SECOND = phrase usage)

An excited, happy SECOND,
He scrooched down in the chair.
Planned to catch old Santa,
Catch him unaware.
Mom's ideas were different.
She knew what it took.
Johnny FIRSTed up the stair
When she used "that look".
=A. CHEMEM, Chesapeake VA

21. PHONETIC FALSE PAST TENSE
(5,4) (WRING, WRUNG)
PHONETIC FALSE PAST TENSE
(6,5) (HANG, HUNG)

Winter is icumen in,
I've no mood to sing.
Iceth street and trip up feet,
HUNG fall up to WRING.
Wheeze: Goddang.
Freezeth lung, and runneth WRUNG
And then doth lhide HANG!
Bless you; Wheeze: Goddang.
=Æ, Cambrrrridge MA

22. REVERSED BEHEADMENT
(5, *1*1*1*1) (clued in order)

In school I did the artsy thing.
My twin was rough-and-tumble.
So after school I was a SING.
My twin was in the MUMBLE.
=LEXMAN, Davenport IA

23. SPOONERGRAM (*7 *6, 5 7)
(neither MW) (can be sung by ONE)

Jeep Wrangler,
It's the SUV with a sturdy frame,
And I do proclaim
It's no cheap Wrangler.
Sure, it's got a TWO that can rival trucks'
But the mileage sucks!
=[reap] JANGLER, Nashville TN

24. ENIGMATIC REBUS (4/3/5)

SOX

When the Sox's near-sweep
Was completed, one sheep
That was nearly as round
As a baseball was found
And "Sox Win!!!!" was applied
(With some paint) to its side,
Like a billboard; that TREAT
Was, O gentleman, neat.
=UCAOIMHU, Somerville MA

25. PHONETIC DELETION (8, 6)

"If it is SHORT", A. Camus LONG,
"It's in my realm. I can't be wrong."
=ANDREAS, Vancouver BC

26. SINGULARITY (8, *5)
SINGULARITY (8, *1*1*1*1*1*1)
(NOOTE = *1*1*1*1*1*1 = not MW)
(same NOTTE in both = 8 = inferable,
NI2)

NOOTE good friend EVE has now
settled in NOTE—
This old hilly country is remade.
The new towns are NOTTE, with no
tower, no moat
To hamper free movement and trade.
=NEWROW, Brookline MA

27. DELETION (6)

Our tour guide had a cache of facts
With train of thought not fast derailed.
From Bronze Age times to Byzantine,
Through many centuries she sailed.

A THRUST was once a prince or bishop,
No modern tyrant, cruel, unjust.
That's when people knew their station.
(And now her train has reached its
TRUST.)
=WITZ, Vancouver BC

28. LETTER BANK (6, 5-2-5-3)

No guarantees here in this
 HYPHENATED system.
 SMALL chances when they come—
 keep waiting if you missed 'em.
 =AROUND EVE, Chicago IL

29. FALSE GERUND (*4, 7)
(ONE = not MW)

Chris ONE was Mr. Big.
 Hardly a TWO, ya dig?
 =MUNRO, Chappaqua NY

30. TRANSPOSAL (5 3; *8)
(PEA = 5 3 = not MW)

The PEA soup was on special at the
 E.P.A. Café,
 But the King pursued a strictly no-fish
 diet,
 And he didn't care at all for Chinese
 cooking anyway,
 So Charlemagne, of course, refused to
 try it.
 =ENDGAME, Portland OR

31. REBUS (5 6)

OLEOS

I'm putting OLEOS into a jar.
 I'm saving coins to buy a car.
 =raw, Ogdensburg NY

32. REBUS (1 9)

If Christmas week off isn't nearly
 enough,
 Then a beater duration might prove to
 be TOUGH.
 This simple suggestion I've offered for
 free,
 But, if you're compelled, buy a laate for
 me.
 =EARL E. BYRD, Aiken SC

33. REBUS (9)
TRANSPOSAL (10)

TA
 Keep moving, no time for a nap.
 ONE, baking, and presents to wrap.
 So TWO the things you need.
 Make a list and proceed
 To REBUS each task: It's a snap.
 =A. CHEMEM, Chesapeake VA

34. OVERLOADED TRANSPOSAL
(6 5, *5 *6) (6 5 = +, online MW;
*5 *6 = not MW)

The second start-of-workweek in
 December makes us blighters grin;
 The eco-conscious folks we see
 Alarm our boss, and therefore we
 Get *rafts* of hazard pay for no
 Real risk! We *love* THE STATUS QUO!
 =UCAOIMHU, Somerville MA

35. FALSE SINGLENESS (13, 16)
(SOLARS = NI3,
MONOSOLARS = inferable)

The way the rings grow round the molars,
 Canines and the like
 May help the state of MONOSOLARS
 Coroners see spike
 As pranksters come and switch each
 name
 And modify each file,
 So no one knows which corpse's the same
 As once was found. But smile—
 Just study SOLARS of class Mammal
 And how humans form enamel.
 =FIRETRUCK, Kirkland WA

36. CONVOCAD (6, 6, 6, 6)

Near a forest of PAY,
 A Thanksgiving DAY,
 With fresh ales and POO,
 And fruit, just the DOO.
 =NEWROW, Brookline MA

37. OVERLOADED LETTER BANK
(4 5, 6 8)

The Pelicans, Raptors, and Hawks all
take care
That the biters that live on their
namesakes will ne'er
Land on *them*, lest a bug bite make one
of them stop,
Then start bouncing again. No one
wants any SLOP!
=UCAOIMHU, Somerville MA

38. BEHEADMENT (9)

The room was a shambles!
Debris, litter, and twine.
All those splashes of red
Reek of mayhem and NINE.

Earlier the scene of
Gifts, singing and EIGHT
Shared with loved ones who care.
All that trash? Let it wait!
=A. CHEMEM, Chesapeake VA

39. PALINDROME DELETION (7)

I was not just a little upset when the trees
Tumbled down. I've now not a few fears
That the not insignificant pile of fees
Means that I am not out of arrears.
So the policy now doesn't not leave me
covered.
(The use of THE BIG ONE are not all
THE OTHERED.)
=FIRETRUCK, Kirkland WA

40. LETTER BANK (*1-5, 2 3 4)
(ICONIC = 2 3 4 = not MW)

I find it more than a touch ironic
To see writ on that sleeve "ICONIC",
Containing, as it does,
A photo (by the fuzz)
Of some poor car, recently IONIC.
=AROUND EVE, Chicago IL

41. REPEATED-LETTER DELETION
(8, 6)

Of genius and hard work there was no
CLOCK
When Lee and Yang (and Wu)
disproved that LOK
Was in every case preserved.
The Prize was well-deserved.
=NEWROW, Brookline MA

42. TRANSPOSAL (4 5, 9)
(NINE = online MW usage)

The sleigh hurtles down, but the
Smiths aren't asleep,
So Santa turns up, makes a sudden
and steep
Ascent, and the Smiths sit to ponder
two NINE:
1) Dear Santa's routine you should
not undermine.
2) So don't FOUR AND FIVE if you
hope he will leave
Some goodies for you come the next
Christmas Eve!
=EARL E. BYRD, Aiken SC

43. PROGRESSIVE DELETION (6)

I am SIX FIVE, though FOUR THREE
say
TWO bod looks great in lingerie!
=LEXMAN, Davenport IA

44. OVERLOADED LETTER BANK
(6, 11) (6 = var.)

On that planet (much cooler than
Earth) they believe,
As Algonquians do, in a force they conceive
Of as filling the world like the NH₃
rains
Soak the ground. (That's called
"*splurk*"—or in English, "REFRAINS".)
=UCAOIMHU, Somerville MA

45. OVERLOADED LETTER BANK
(5, 12) (12 = NI3) (can be sung)

The old-time songs that on Christmas
rang out
Made no mention of Rudolph's red,
radiant snout
Or Frosty's schnozzola, a button. No,
these
Ancient tunes never mentioned
proboscides.
Oh well, oh well, oh well, oh well...
Oh how I miss the old BRASS BELL!
=UCAOIMHU, Somerville MA

46. OVERLOADED LETTER BANK
(10, 15)

Though I don't like your latest verse,
The one before was slightly worse.
It's clear your overloaded letter
Banks are getting BOTH WORDS better.
=WRYBOSH, Montville NJ

47. REVERSED PALINDROME
DELETION (10)

Products are very exciting,
Differences often are fun,
Quotients are sometimes not boring,
But naught is as NOSELESS as SONs.
=NEXT LINGO, Lexington MA

48. OVERLOADED HOMONYM
(*10, *1*6 5)
(*10 = online MW pronunciation)

Down near the Florida border
The BIG OL' mushrooms grow,
Where sons of Georgia planted them
In swampland, years ago.
=ewolf, Thousand Oaks CA

49. FIFTH-LETTER CHANGE WNFR (6)

Time, and time, and time again, I told
you how to prosper...
=WITZ, Vancouver BC

50. THIRD-LETTER CHANGE
GROUP (5, *7, 5)

Spare me your French fashion and your
couture U.S.A.;
If I want clothes to wear with style, I
won't leave the UK.
I'll take a trip to Savile Row, a London
shopping street,
To get a nicely tailored top as ultra-
modish treat.
The bill will be leviathan, of that you
can be sure:
One solitary menswear piece will leave
me feeling poor.
But that's the way it goes when one's in
search of quality.
I rather think that one should also get
a ONE TWO THREE.
=LINKO, London UK

51. REBUS (11)

NG
NI

My precocious young son talked to
Santa today,
And, when he was done, he had
something to say:
"I think the old guy with the beard is
SOL HERE.
He badgered me re what I asked for
this year!"
=EARL E. BYRD, Aiken SC

52. PHONETIC CHARADE (8)

A hiker was happy when he
Came FIRST a magnificent deer.
Rejoiced less in the bite he received,
Or the rash (from a SECOND, it's clear).

So much for the hiker and deer.
The WHOLE is before you, you see.
In sight, but upended it stands.
Check it out and I'm sure you'll agree.
=A. CHEMEM, Chesapeake VA

53. PROGRESSIVE WORD

DELETION (*7 *7) (ALL = not MW;
THREE = * = NI3 phrase)

Who killed Boddy (from Clue) with a
shade tree, in FOUR
Blood and far-from-FOUR plasma, not
far from the core
Of the blue Mu Columbae (just brighter
than TWO)?

It was ALL in the THREE with the
ONE, Scarlet knew.
=UCAOIMHU, Somerville MA

54. BROOKLINE LETTER CHANGE (4)
(TRAM, CRAM, TEAM, TRIM, TRAP)
QUANTUM HOMONYM (<5>)
(TREM, TRAM, TRIM)

A soccer TEAM between the folks
Who TRAM for York and Bootham Oaks
Did not directly harm a hair.
But people fleeing out of there
All sought a TREM to safer space,
But found themselves in no such place.
There was no TRAP to breathe. (The game
(Which also has a British name)
Was quite a TRIM.) The legal slam,
“Assault with deadly weapon: CRAM,”
No longer seems so strange or odd,
As thirty souls have met their God.
=ROAR, Hobington NM

55. METATHESIS (4)

To say one's “happy as a LONE”
Makes zero sense. How is it known
That LONEs are happy? It should be
“As LENO as a LONE”. Agree?
=NEXT LINGO, Lexington MA

56. WELDED DELETION (9) (GREGE)
WELDED DELETION (9) (TESTS)

The vase was GREGE, and therefore dear.
Thank God for the installment plan!
I paid one bill a little late
But TESTS the check (a simple scam).
=LEXMAN, Davenport IA

57. PHONETIC FALSE ADJECTIVE
(4, *6)

BEHEADMENT (*6) (*6 = not MW)

SIT up before CITY; the price
Of the gas there is now at a crest.
And Frisco is ITY (though nice)
So gas mileage won't be the best.
=NEXT LINGO, near Beantown

58. SPOONERGRAM (10, 5 *5)

(10 = NI3, *5 = non-MW usage)

Live long and prosper, spineless bird.
You'd never SECOND, FIRST. Absurd!
=FIRETRUCK, Kirkland WA

59. LETTER BANK (7, 5 6)

(7 = non-MW usage)

My favorite order at the delicatessen
Is a toasted bagel with a LENS of
LESSEN.
=AROUNDEVES, Queens NY

60. LETTER BANK (*6; 3, 6)

(TWO = online MW)

One of ONE's creations was
Goofy. That is true.
Not another was, because
Just the one was, TWO.
=WRYBOSH, Montville NJ

61. TRANSPOSAL (9)

(shout out to Sep 2017 #47)

He failed to have ONEd a supplier of
silk,
So he settled for something of much

A suit made of TWO was his ultimate
choice.

But, alas, it did nothing to make him
rejoice.

X-8. CHRISTMAS SCENES 2 — by WHEELS, Dunnville ON

The clues to the Across entries are strung together in the Scenes in random order (one entry is two words).

Scenes

The Man Santa

Endlessly flying around covered walkway
until going into reverse.
Like an idiot, I'm behind.

North Pole

Almost cool, mostly nerdy backward
kids (dozens) spending time with
Santa's helpers.
Drizzle honey on their tongues.

Rudolph and Company

Vixen's uncoordinated and short.
Prancer essentially struggles to guide
front of sleigh by gnarled tree.

Christmas Tree

Trim one surrounded by bad weeds
e.g.—barely nice re-trimmed.
This guy uses frosting decoration for
tree—messy.

Silent Night

Making smooth carol—nailed with
savoir faire.
Hear a couple singing to this.
Writing actor beginning to record trite
new jingle, a piece about what a
lord does in a carol.

Gift Wrapping

Ribbon finally in place.
Earlier it's put out for Santa to fill
with small gifts.
Carrying my ribbon in my mouth,
making a drink.

X-9. NUMBERS AND WORDS— by MR E, Portland OR

Most clues contain an extra word that must be removed before solving. In clue order, their first letters spell out an instruction for obtaining an answer from each remaining “clue”, for each of which the solver must determine the numerical value of the unknown. These answers are to be highlighted. One of these answers will be entered in jumbled form; all answers are in 11C.

Along with the completed grid, solvers should submit a list of the numerical values (in order of increasing clue number), followed by four additional words.
